WATER-BASED  
SOLID COLOR CONCRETE STAIN 50

# COLORTOP™ WATER-BASED SOLID COLOR CONCRETE STAIN 50

## IMAGINE THE POSSIBILITIES OF CONCRETE.

Provide superior protection and beauty to both interior and exterior concrete and masonry surfaces with H&C® COLORTOP™ WATER-BASED SOLID COLOR CONCRETE STAIN 50. This water-based formula bonds to concrete and forms a tough shield, so it doesn't fade, peel or flake like paint. Available in a variety of tintable colors, this easy-to-apply concrete stain is ideal for high-pH surfaces and is nationally compliant.

### FEATURES & BENEFITS:

- Decorates, seals and protects concrete surfaces
- Resistant to salts, acids, alkalis, water, mildew, UV rays, oil, and wet or dry abrasion
- Water-based formulation
- Available in a variety of tintable colors
- Suitable for interior or exterior use
- Low odor
- Can be used on new or previously painted concrete surfaces with proper preparation, as well as on asphalt surfaces

### RECOMMENDED USES:

- Patios and walkways
- Pool decks
- Concrete block
- Stucco walls
- Basement floors
- Laundry room floors
