HEAVY SHIELD™
WATER-BASED SOLID COLOR
CONCRETE & DRIVEWAY ENAMEL / STAIN

Color shown: Sandstone HC157
Colors are only a representation. Always perform a sample test area for color approval.
HEAVY SHIELD™ CONCRETE & DRIVEWAY ENAMEL / STAIN is a solid color water-based stain designed to add deep penetrating protection and long-lasting beauty for both exterior and interior concrete. With superior cross linking properties H&C HEAVY SHIELD, resists tire marking and hot tire pickup, provides excellent adhesion, abrasion protection, and chemical resistance while delivering a quality water-based stain that withstands vehicular traffic.

FEATURES & BENEFITS
- Provides a durable finish for excellent abrasion resistance that extends the life of concrete and masonry surfaces
- Highly resistant to garage, household, and pool chemicals for long-lasting beauty and protection
- Water-Based formulation allows for easier application and clean-up
- Can be applied to previously painted surfaces with proper preparation
- Withstands vehicular traffic, tire marking and hot tire pickup

RECOMMENDED USES
- Patios & Walkways
- Pool Decks
- Athletic Courts
- Parking Garages
- Block, Precast Concrete, Tilt-Up Concrete
- Basement Floors
- Laundry Room Floors

AVAILABLE COLORS

Actual color will vary due to the concrete finishing method (how smooth or porous the surface is), producing a mottling or distressed appearance.
