COLORTOP™

SOLVENT-BASED SOLID COLOR CONCRETE SEALER

SILICONE FORTIFIED, EASY-TO-APPLY, DECORATIVE COLOR STAIN.

This opaque, waterproofing sealer is formulated to bond with exterior bare concrete and masonry surfaces. It provides a long-lasting, decorative finish.

For use on:

- Driveways
- Patios and walkways
- Garage floors
- Concrete athletic courts
- Parking garages
- Block and stucco exterior walls
- Stadium supports, bridges and more

Decorates, Seals and Protects
exterior horizontal and vertical concrete surfaces

Resists Damage
from salts, acids, alkalis, water, mildew, UV rays,
oil and wet or dry abrasion

Silicone Acrylic Formulation
for excellent durability and adhesion

Suitable for Vehicular Traffic

START STRONG WITH THE RIGHT PREP.

Remove all debris, dirt and dust from the surface.
Then scrub the floor with **H&C ConcreteReady®
Cleaner/Degreaser**, rinsing and drying completely.

Etching is an essential step.

Etching concrete with **H&C ConcreteReady
Etching Solution** prepares the surface to be
coated by opening up the pores of concrete so
H&C coatings can properly bond with the surface.
It ensures proper adhesion and an even finish.
