

INFUSION™

WATER-BASED
SEMI-TRANSPARENT DECORATIVE STAIN

INFUSION™ WATER-BASED SEMI-TRANSPARENT DECORATIVE STAIN

IMAGINE THE POSSIBILITIES OF CONCRETE.

H&C® WATER-BASED SEMI-TRANSPARENT DECORATIVE STAIN lets you achieve a layered, faux or single-color look in a lot less time than acid stains. Etching is required prior to application to open the pores of the concrete. When layering stain, apply lighter colors first. Water-based or solvent-based sealers can be applied as topcoats.

FEATURES & BENEFITS:

- Available in 16 packaged colors
- Water-based formulation allows for easier application and cleanup
- UV resistant
- Dilute up to 4:1 with water for color variation and increased coverage rates
- Interior and exterior use
- Quick turnaround. Recoat or seal in 4–6 hours
- No neutralization required

RECOMMENDED USES:

- Pool decks
- Patios and walkways
- Garages
- Driveways
- Interior floors
- Commercial floors
- Basement floors
